Frankfurt am Main, 28.01.2022 – The Danish photographer and artist **Torben Eskerod** (\*1960) is internationally known for his various portraits of different existences – such as hypnotists, deaconesses, healers or friends between 40 and 50 – and his portrait-like photographs of death masks or wooden model heads. In addition, his professional practice includes intriguing contemplative images of architecture and landscapes, photographs of art and artifacts as well as works made in collaboration with anthropologists, architectural historians and museum curators.

With 140 pictures from 22 different work series, the exhibition **FINDINGS. TORBEN ESKEROD** presents a mid-career survey of his impressively large spectrum. At the same time, the show identifies the photographer's distinctive vision, that manifests itself in his artistic as well as in his scientific-documentary work and unifies his oeuvre as a whole.

**Torben Eskerod** studied at Aalborg University (1980-86), Aarhus School of Architecture and Fatamorgana School of Photography, Copenhagen (1988-91). His work has been exhibited in international museums and galleries, including the National Portrait Gallery, London; the Scottish National Portrait Gallery, Edinburgh; the Andy Warhol Museum, Pittsburgh and the Museum of National History, Denmark. Eskerod has received several awards and grants. His work can be found in numerous private and public collections, such as the National Museum of Photography, Denmark, the Museum of Fine Arts, Houston and the DZ Bank Collection, Frankfurt. The artist lives and works in Copenhagen.

The exhibition was curated by **Alison Nordström** (US), independent scholar and photography curator, for the **Fotografie Forum Frankfurt** (FFF). With this show the FFF premieres a comprehensive survey of one of Denmark's most important contemporary photo-artists in Germany. A magazine is published to accompany the exhibition. For selected works explanations by the curator are available via audio guide.

The exhibition is presented as a relaunch: it was already part of the FFF programme in 2020/2021, but due to the pandemic could only be open for a few days.
